

N.F. Douglas & Co. Ltd.

June Newsletter

It's June already, with Father's Day fast approaching. Here at N.F. Douglas Home Hardware we have everything for the "man who has everything". For the handyman, we have a full range of Benchmark tools and gadgets of every description. For outdoorsmen, check out our camping and fishing section. You'll find everything he needs, including insect repellent! And for the sportsman in your life, our sporting goods section is fully stocked with everything for a variety of athletic pursuits.

June also brings that extra special occasion—graduation. We want to congratulate all of our 2006 graduates from North Queens Rural High on reaching their goals and wish them every success in their future endeavours.

If you're looking for a gift for that special graduate, or for any special person in your life, be sure to visit our giftware department. This section has had a "face lift" in the past few weeks with some new and charming giftware items for people of all ages.

We will be closed on July 1st to take in the Canada Festivities in North Queens, held this year at the Exhibition Grounds in Caledonia. Deck yourself out for Canada Day at Home Hardware—we have flags, banners, clothing and other items that celebrate our Canadian pride. Don't forget the fireworks "at dusk" over Lake Mary in Caledonia!
